PROFESSIONAL SUMMARY

Results-driven Fintech Operations & Dispute Specialist with proven experience managing technical compliance, risk mitigation, and financial dispute workflows for industry leaders like Visa and Stripe. Expertise in enforcing global regulatory frameworks, optimizing payout lifecycles, and conducting root-cause financial audits. Leverages a strong technical foundation in software architecture, process automation (N8N, Apps Script), and data analytics (Power BI, SQL) to eliminate operational bottlenecks, resulting in cross-functional productivity increases of up to 35%.

TECHNICAL SKILLS

Fintech & Risk Operations: Visa Global Regulatory Frameworks, Dispute Resolution & VROL, Merchant Category Codes (MCC), 1099 Tax Compliance, Chargeback Lifecycle Management, Fraud Investigation.

Process & Quality Audit: Technical Auditing (40+ audits/week), Root-Cause Analysis, Performance Coaching, Workflow Optimization, Preventative Risk Management.

Data & Automation Tools: N8N Automation, Power BI (Advanced Analytics), SQL (Data Validation), AI Code Assistants (Cursor, Copilot, Codex), Google Apps Script, Advanced Sheets, Vercel, VS Code.

Platforms & Collaboration: Stripe Dashboard, Lumos, SINCO ERP, Confluence, Slack, Microsoft Teams, Google Workspace.

Core Competencies: Executive Communication, Stakeholder Relations, Project Coordination, High-Touch Public Relations.

PROFESSIONAL EXPERIENCE

Visa | Fraud & Dispute Specialist

March 2026 – June 2026

- Managed end-to-end financial disputes, ensuring 100% compliance with Visa's global regulatory frameworks and internal technical standards.
- Conducted deep-dive evaluations of complex financial evidence to evaluate dispute rights and mitigate transactional chargeback risks.
- Implemented custom triple-check frameworks and Sheets-based organizational tools that achieved a zero-error rate in high-velocity financial processing.
- Documented and reported real-time progress on complex dispute cases, maintaining technical precision and meeting strict SLAs.

Stripe | Fintech Operations & Quality Lead

August 2024 – March 2026

- Spearheaded a site-wide Booster Campaign in collaboration with cross-functional teams, driving a 35% increase in agent productivity through workflow optimization.
- Managed complex merchant account configurations, payout schedules, and 1099 tax compliance using Stripe Dashboard and Lumos.
- Conducted 40+ technical audits per week using standardized grading rubrics, delivering data-driven coaching to enhance team accuracy.
- Led end-to-end investigations into missing payouts and fraudulent merchant activity across multiple communication channels.

OnTarget Colombia | Project Coordinator & Client Relations Specialist

May 2022 – August 2024

- Served as the primary high-touch liaison for C-suite directors of major real estate firms, managing strategic partnerships through high-charisma public relations and executive support.
- Synchronized digital leads with sales workflows via SINCO ERP, providing real-time data transparency to stakeholders through custom trackers.

- Engineered an automated response library and digital documentation system that significantly reduced lead response times and improved conversion cycles.
- Coordinated large-scale corporate and launch events, directing logistics, vendor coordination, and catering to ensure zero operational failure.
